DIMMING: Triac 40-48v Zigbee Smart lighting

Lighting fixture with a diameter of 100 mm and a height of 114.5 mm. The fixture is designed for use in a magnetic track system. The beam angle is 120 degrees and the wattage is 10W. The lumen output is 776 lm. The fixture is available in white and black finishes. The CCT is adjustable from 2700K to 6000K. The fixture is dimmable and compatible with Triac, 40-48v, Zigbee, and Smart lighting.
